

IT'S SO EASY TO DESIGN WITH THE NEXT GENERATION OF BATTERY TECHNOLOGY

How could I know
that **designing** with a
Li-Polymer Battery
is such
EASY ?

- **High Power** @ 3.7V from 0.5Ah to >2.0Ah
- **Robust** housing made of PolyCarbonate
- **Reliable** gold plated contacts
- **Cost-effective** No tooling no approval - it's all there
- **Flexible** slide in and stay there with contacting anywhere
- **Environmentally friendly**    
- **Intelligent** ID-resistor and Temperature sensor included
- **Approved** Product and transportation safety    
- **Charging** Ready to go Standard Li-Ion chargers available
- **Fast** with an EVALuation Kit I can start testing today

for ordering:
 VKB no. 68021 096 277 Plug EU
 VKB no. 68021 096 278 Plug UK
 VKB no. 68021 096 279 Plug US

VARTA EasyPack Battery

SUPERIOR POLYMER TECHNOLOGY

VARTA EZPack XL-3.7V

VARTA EZPack XL-3.7V

Mechanical:	Height	11.4 mm
	Width	36.6 mm
	Length	64.5 mm
	Weight	46.5 g
Typical Capacity:		2000 mAh (A)
Order number:		66380 712 099

VARTA EZPack L-3.7V

VARTA EZPack L-3.7V

Mechanical:	Height	6.4 mm
	Width	36.6 mm
	Length	64.5 mm
	Weight	25 g
Typical Capacity:		1000 mAh (A)
Order number:		66380 711 099

VARTA EZPack M-3.7V

VARTA EZPack M-3.7V

Mechanical:	Height	5.2 mm
	Width	36.6 mm
	Length	64.5 mm
	Weight	20 g
Typical Capacity:		750 mAh (A)
Order number:		66352 711 099

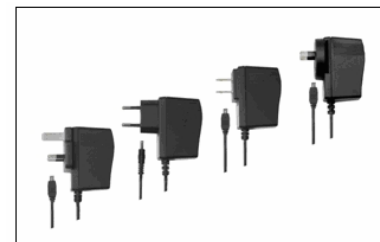

VARTA EZPack S-3.7V

VARTA EZPack S-3.7V

Mechanical:	Height	5.8 mm
	Width	35.4 mm
	Length	43.5 mm
	Weight	14 g
Typical Capacity:		550 mAh (A)
Order number:		66590 711 099

The Charging Solution:

Wall Plug Charger

Desktop Charger
